

Hello, I am Elizabeth H. I can never tell you what Compassion In Action – USA means to me. Barbara Case is a true angel. I was approved on October 4, 2004. I never would have gotten that approval without Barbara's hard work, she really cares!

I had so many health problems, from a brain lesion, rheumatoid arthritis, not to mention severe depression and panic disorders. I was to the point where even leaving home to go to my mailbox was more than I could handle. Barbara took over! She talked to my doctors, got them to sign the right forms, helped me get Food Stamps, and even called my landlord and got my eviction stopped. A real God send!

My lawyer even quit on me 6 days before my hearing, I was panicked! I went on to court with a friend to help me. I didn't even need my friend, Barbara had my court files so organized that it looked professional. So, I was approved without a lawyer - only due to the hard work of Compassion and Barbara Case. Now that I got my approval she is still there helping me get things set up. What more could anyone ask for?!

God Bless Barbara and this wonderful organization.
Elizabeth H.
