

The sudden loss of Patti in March of 2004 left a void in many lives. Her vibrant, feisty spirit filled the room when you were with her. Whether visiting at her home, restaurant, or "C Fiesta" booth at the San Dimas Street Fair, Patti always made sure you were well fed – even if you had just eaten. It was hard to resist - she was an excellent cook! She continued her busy schedule despite severe pain for many years – only reducing her commitments during the final months of her life.

Our hearts and home are always open to her wonderful husband Sam and their children.

The angels in heaven are truly blessed to have Patti caring for them now!!

We miss you, Patti!
